

beginning the change...

Youth Peace Festival is a catalyst for young people to get involved in their community and make a difference. Such efforts energize those who are already engaged in good causes, helping people recognize they are not alone in their endeavor. The Peace Fest brings everyone together and promotes new bonds beyond boundaries of race, religion and nationalities.

Objective: Mobilizing YOUTH to unite the WORLD, where geographical boundaries can remain but barriers disappear.

The Plans: More than 2500 young people from 50 countries, almost all continents and different states of India are expected to participate. Peace Festival will provide them a platform for increased cross-fertilization of ideas. So that they become true global citizens in thinking and action and co-create a future equal to their vast potential.

Venue: It's very difficult to imagine any major city in India more ideal than peace-city Chandigarh, a model of outstanding modern urban planning. Chandigarh's beautiful gardens, bicycle paths, architecture, vast network of educational institutions and culture all contribute to a quality of life that is unbeatable anywhere else. Come and see Chandigarh - a Utopia! For more details about the city; <http://chandigarh.nic.in/>
